

The Bose® Sound System for the Nissan 370Z

8 high-performance speakers

- 1 Two 6-cm Twiddler® (mid-high-range speakers) in the instrument panel.
- 2 Two 15x23-cm neodymium woofers in the doors.
- 3 Two 8-cm Twiddler® (neodymium mid-high-range speakers) in the rear side panels.
- 4 Two 11.5-cm Nd® Richbass® woofers in a 7.7-litre custom-engineered bass enclosure mounted in the spare tyre wheel well.

System electronics

- 5 Digital amplifier mounted behind the left front seat. Includes Bose digital signal processing and 7 channels of customised equalisation.

Each part of the Bose sound system has been carefully engineered to work with the others for better performance. Replacing the factory-installed headunit (i. e. radio-CD/navigation system) or any other sound system component can significantly reduce system performance.
