

BOSE® ENERGY EFFICIENT SERIES SOUND SYSTEM FOR NISSAN LEAF

7 HIGH-PERFORMANCE SPEAKERS

- 1 Two 2.5-cm neodymium tweeters in the A-pillars.
- 2 Two 16.5-cm neodymium wide-range speakers in the front doors.
- 3 Two 13-cm neodymium wide-range speakers in the rear doors.
- 4 One 11.5-cm Nd® Richbass® woofer in a 6.2-litre custom-engineered acoustic waveguide enclosure mounted in the boot.

SYSTEM ELECTRONICS

- 5 Bose Energy Efficient Series amplifier in the rear right side panel with Bose Digital signal processing:
 - 7 channels of customised equalisation

Each part of the Bose sound system has been carefully engineered to work with the others for better performance. Replacing the factory-installed headunit (i. e. radio-CD/navigation system) or any other sound system component can significantly reduce system performance.
